

# **General Features**

| Description: LED floodlight                    |
|--|
| Insulation class: class II                     |
| Rated voltage: 220-240 V 50/60 Hz              |
| Protection Grade: IP66                         |
| Impact protection: IK08                        |
| Power Factor: > 0.90                           |
| Ambient temperature Ta: -30°C +50°C            |
| Weight: 4.1 kg                                 |
| Max exposed surface: 0.047 m <sup>2</sup>      |
| Lateral exposed surface: 0.038 m <sup>2</sup>  |
| <br>Common mode surge protection: 10 kV        |
| Overvoltage protection differential mode: 6 kV |
| Driver: included                               |
| Driver lifetime: >100.000h @Ta25°C L80B10      |

Marks and Certifications: CE

#### Performance Data\*

| LED Current:          | 700 mA   |
|-----------------------|----------|
| Source flux:          | 4550 lm  |
| Source power:         | 31.5 W   |
| Source efficiency:    | 144 lm/W |
| Device flux:          | 3970 lm  |
| Device power:         | 35 W     |
| Appliance efficiency: | 113 lm/W |
|                       |          |

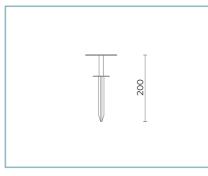

Omikron pro Flood Color Temperature: 4000 K Type of optics: D 40° Wide beam

| Optical System   | Flow adjustment  | Standard                            |
|--|--|-------------------------------------|
| Source: LED L4   | DALI control   | Х                                   |

| Wiring: pre-wired product with cable and connector                   |  |                                     |
| Ø power cable: 12 mm   |  |                                     |
| Cable Gland: M20   |  |                                     |
| Power supply compartment: independent from the optical group         |  |                                     |

**Omikron pro Flood** Color Temperature: 4000 K Type of optics: D 40° Wide beam

### Complements

### 060M901C0

B135 Picket for ground installation L=200 mm. Colour: Sablè 100 Noir. B89 Connector 4 way IP68

## NOTES

#### \*Performance data

The values indicated in this data sheet are nominal values with a tolerance of +/-7%.

Source flux and source efficiency data refer to the LED module without optics; in case you are interested in the performance of the LED module complete with optical system, you must multiply the data reported by the factor 0.9.

## General Data

The characteristics of the product listed may be subject to change and must be confirmed when ordering. In order to promote constant updating of its products, Cariboni Group reserves the right to make changes without prior notice.
